

**AKX**

Travel in style  
with AKX

# 5-star equestrian transportation

In the last 25 years we have been expanding and enhancing our product catalogue continuously. **Stephex Horsetrucks** have become a familiar sight in the equestrian world, with trucks now driving all around the globe.

Our team has developed an extensive range of trucks suited for every type of rider. Enjoy spacious and elegant design solutions with a multitude of features and details. With comfort, quality and safety as our main goals, we guarantee that you and your equine partner will feel safe and at home during your journey.

# Big Trucks

Experience spaciousness with our big trucks. Both built on a Mercedes chassis, the Actros L and Actros S each have unique characteristics and advantages, catering to diverse needs.

# The Interior

Indulge in hotel-style luxury with two king size beds, a spacious bathroom, kitchen and ample storage space. Easily create more room to move around by effortlessly adjusting the electric bed up or down with the touch of a button. This truck offers remarkable versatility in various aspects.

# The Exterior

The modern design of the truck is not to be missed. Featuring two secure tailgates, it prioritizes both style and safety for horses and riders. Besides that, all your supplies are securely transported thanks to external storage space.

# Midnight Bloom

This dark look, complemented by deep hues and shades, embraces a rich and opulent atmosphere. This moodboard is ideal for those who seek to infuse a touch of refined elegance into their surroundings.

# Light Dusk

The light moodboard exudes a pristine and refreshing atmosphere, characterized by its clean appearance. It primarily showcases a palette of white and light grays, evoking a sense of purity and simplicity. These soft, serene colors create a tranquil and airy ambiance.

# 2H

# Trucks

Experience the same level of luxury you'd find in a big truck, all within the compact form of our 2H trucks. Whether built on a Opel Movano or Renault Master chassis, these trucks require only a B license and provide all the amenities you need.

## | Contact STX Finance

+32 2 319 52 52

[info@stxfinance.com](mailto:info@stxfinance.com)

STX Finance was established a few years ago when we recognized the need for a quick and simple financing solution for clients purchasing our horse trucks. Since then, STX Finance has scaled rapidly due to high demand. **Today it finances more than 60% of the purchased STX trucks.** This allows many riders to transport their horses from show to show.

We offer financing solutions to a wide range of specific situations. Applying for STX Finance can be easily finalized and **you can be driving your truck the very next day.**

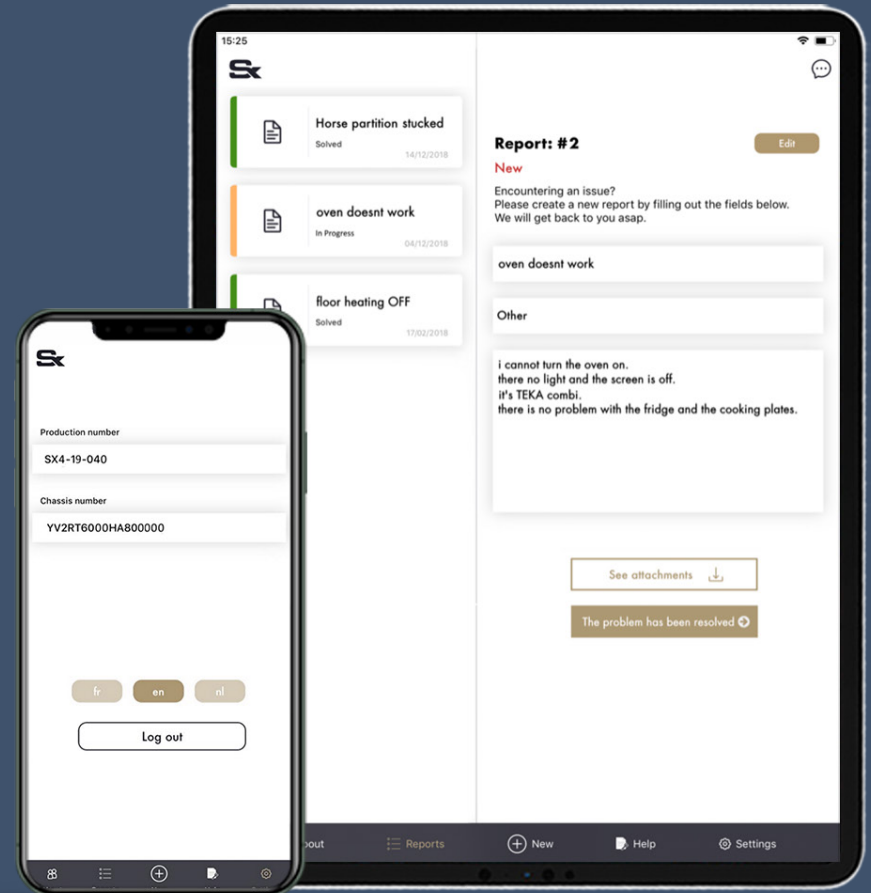

# STEPHEX SERVICE

We provide a comprehensive after-sales support service to ensure that your experience with our products remains outstanding. Whether you have questions, concerns, or require maintenance or repairs, we have you covered. Our dedicated team is ready to promptly and efficiently address any issues that may arise, so you can continue to enjoy the full benefits of your purchase with peace of mind.

## Stephex Service App

Download the Stephex Service App to get the most out of your Stephex Horsetrucks. Access vital information about your trucks and receive assistance directly on your iPhone or iPad.

See you soon!
